

Feels Like Home

Orianthi

[Verse 1]

I'm goin' to California
I got my bags by the door and I'm ready to leave
So yeah, I'm movin' forward
I'm on my way to findin' where I need to be

[Pre-Chorus]

'Cause every moment now is what I believed somehow
Would be my reality
Alright now

[Chorus]

'Cause there's no other feeling like it
The only way I can define it
It's that I'm on my own
It somehow feels like home
And there's no other feeling like it
It's so real that I can't deny it
I don't feel alone
It somehow feels like home

[Verse 2]

Walking in California
Making my way down Sunset Boulevard
Everyone looks familiar
So perfect like a picture from a magazine

[Pre-Chorus]

'Cause every moment now is what I believed somehow
Would be my reality
Alright now

[Chorus]

'Cause there's no other feeling like it
The only way I can define it
It's that I'm on my own
It somehow feels like home
And there's no other feeling like it
It's so real that I can't deny it
I don't feel alone

It somehow feels like home

[Bridge]

Failure never crossed my mind
I'll take a chance every time
And I will spread my wings, I will spread my wings
I've never been afraid to try
Putting everything on the line, on the line
Well, alright right now

[Chorus]

'Cause there's no other feeling like it
It's so real that I can't deny it
I don't feel alone
It somehow feels like home
And there's no other feeling like it
It's so real that I can't deny it
I don't feel alone
It somehow feels like home
'Cause there's no other feeling like it
So real that I can't deny it
I don't feel alone
It somehow feels like home
'Cause there's no other feeling like it
So real that I can't deny it
I don't feel alone
It somehow feels like home
Somehow feels like home to me
Somehow feels like home
Mmm, mmm
Somehow feels like home to me

[Outro]

Walkin' in California
I'm makin' my way down Sunset Boulevard
