## Aesthetic Perfection

Let's dispense the formalities  
If it's all the same to you  
If you can tell a lie without thinking  
Save your breath for church

Why don't you stand by my side?  
"Why don't you get a life?"  
Why don't you leave me to rot?  
"Cos it's the wrong time"  
Why do you go out at night?  
"Cos I'm not satisfied"  
Then you should leave me to rot  
"But it's the wrong time"

Chorus  
And I'd lie  
For a chance to taste joy  
And I'd die  
For a chance to keep going on  
Did I mean nothing to you?  
They say nothing's for free  
My life and love is for you  
So I said that I'd try  
To keep going on without you

Let's pretend we're not enemies  
And you let nothing burn  
Could you feel a thirst without drinking?  
What do you think you're worth?

Why don't you stand by my side?  
"Why don't you get a life?"  
Why don't you leave me to rot?  
"Cos it's the wrong time"  
Why do you go out at night?  
"Cos I'm not satisfied"  
Then you should leave me to rot  
"But it's the wrong time"

Chorus

Without you
