

I Hate That You Love Me

Diddy - Dirty Money

[Intro: Diddy]

Yeah, ayo, turn the piano up
Can you feel it?
Yeah, like that
This the way love feels
Yo, check it

[Verse 1: Diddy]

Are we living in vain, are we living in pain?
Girl, remember my name and whatever remains
After we walk on white sand, let's travel in style
Just want to see you happy and smiling
I can change your life in one flight
Let's take off tonight, come on

[Verse 2: Kalenna Harper & Diddy]

We go up, we go down (Let's go)
Love is in, then it's out
We can tell, tell by now
If it won't, work out

[Pre-Chorus: Diddy]

Let's not forget, back in Brooklyn
Where the future first began
Let's start again, can't be over
That's what I told her and then she said

[Chorus: Diddy-Dirty Money]

I hate that you love me so much, boy
I hate that you love me so much, boy
I hate that you love me so much, boy
I hate that you love me so much, boy
I hate that you love me

[Verse 3: Diddy]

One time is enough for me
Close your eyes, there's much to see
So, let's jump and both touch the clouds
And we never come down
It's amazing the view is
On top of the world where even the air is all brand new here
Fireworks like New Years
Hurt is old news, why would you shed new tears?

[Verse 4: Dawn Richard]

Hugging you, just enough
When our time, our time is up
If I leave, will you walk away from the truth?

[Pre-Chorus: Diddy]
Let's not forget, back in Brooklyn
Where the future first began
Let's start again, can't be over
That's what I told her and then she said

[Chorus: Diddy-Dirty Money]
I hate that you love me so much, boy
I hate that you love me so much, boy
I hate that you love me so much, boy
I hate that you love me so much, boy
I hate that you love me

[Bridge: Kalenna Harper]
Things I know now, don't allow me to turn back
We been through it all but now I just want my heart back
And I could walk away but see your love is my weakness
Oh' it could be pointless to try and walk away, that's why

[Chorus: Diddy-Dirty Money]
I hate that you love me so much, boy
I hate that you love me so much, boy
I hate that you love me so much, boy
I hate that you love me so much, boy
I hate that you love me
