

Strong

R3HAB & KSHMR

You keep on taking me higher
Taking me higher
I can't come down
Searching for something
Searching for something
I never found
My love for you
So Strong
My love for you
So Strong
My love for you
So Strong
My love for you
My love for...
My love for you
My love for you
My love for you
My love for you
So Strong
Taking me higher
Can't come down...
You keep on taking me higher
Taking me higher
I can't come down
Searching for something
Searching for something
I never found
My love for you
So Strong
My love for you
So Strong
My love for you
So Strong
My love for you
My love for...
My love for you
My love for you
My love for you
My love for you
So Strong

Taking me higher
Can't come down...
