Did you know that I have never felt this way before
I can tell that your quiet but you feel it too
Could I tell you that I never had a real girlfriend before
I'd be surprised if you said that I could have that too
You know your touch
Oh you got me feeling
Your starting to break me you're on your way
Oh you got me feeling I wanna stay
I wanna stay
Another day

Did you know that I could be everything you want and more
Just tell me what it is about you adore
Don't act like this can't get you through
You'll be surprised that I already adore you too
You know your touch
Oh you got me feeling it
Your starting to break me you're on your way
Oh you got me feeling I wanna stay
I wanna stay
Another day
You know your touch
Oh you got me feeling it
Your starting to break me you're on your way
Oh you got me feeling I wanna stay
I wanna stay
Another day
You know your touch
Oh you got me feeling it
Your starting to break me you're on your way
Oh you got me feeling I wanna stay
I wanna stay
