

Like I Am

Blackberry Smoke

Hey

Well, I'm mean as gravel, I'm poor as dirt

And I like things better the way they were

Well, I'm strong in the head but I get things done

I spend too much money to have a little fun, come on

Here you are, you come around

You want me to settle down, yeah

Before you jump, you need to know

It's a crazy thing, the way I roll

I ain't changing, I'm a Southern man

So, can you love me like I am?

Can you love me, baby, like I am?

Yeah

Well, I'm stuck in my ways and I grew up hard

I drink milk out your carton and juice from the jar, huh

Well, some people say I sleep too much

I just sleep when I can til I have to get up

Here I am, what do you think?

Well, I guess a nod is as good as a wink, yeah

Before you jump, you need to know

It's a crazy thing, the way I roll

I ain't changing, I'm a Southern man

Well, can you love me like I am?

So, can you love me, baby, like I am?

Come on, son

I changed my mind, there ain't no bone

I play on Fridays, baby, you can't go, no

That's right

You can't go

Before you jump, you need to know

It's a crazy thing, the way I roll, yeah

I ain't changing, I'm a Southern man

Well, can you love me like I am?

Well, can you love me, baby, like I am?

Well, can you love me like I am?

Can you love me, baby, like I am?

Alright, yeah

Baby, like I am, now, hey

Baby, like I am, yeah, woo
