

When I Think of You

Janet Jackson

Ooh baby, anytime my world gets crazy
All I have to do, to calm it
Is just think of you
'Cause when I think of you, baby
Nothin' else seems to matter
'Cause when I think of you, baby
All I think about is our love
I just get more attached to you when
You hold me in your arms, and squeeze me
And you leave me making me blue
'Cause when I think of you, baby
Nothin' else seems to matter
'Cause when I think of you, baby
All I think about is our love
So in love
(So in love)
Ooh
(So in love)
With you(So in love)
Baby
(So in love)
Ooh
(So in love)
Hee
(So in love)
With you
(So in love)
(So in love)
When I think of youWhen I think of you
When I think of you
When I think of you
Bass
I'm so in love
I just think of you
If you're not aroundOh
When I think of you
(So in love)
Ooh
(So in love)
So in love
(So in love)
With you(So in love)

Baby you
(So in love)
Ooh
(So in love)
With you
(So in love)
Break.
Ah!
Hahahaha!
Feels so good
When I think of you
Yeah-e-yeah
