

Slippin' Around

Zhala

in the mornin light
put down the blinds
both hands in one glove
keep slippin aroundslippin around
wasted and found
can't capture time
slippin aroundI'm a burnin child
I burn inside
can I answer your love
let you be mine
for no reason I'll go
leave you behind
you won't be mine as I know
and I'll be running aroundSo I keep slippin around
wasted and found
can't capture time
slippin aroundwill we ever be again
will we ever be again
will we ever be again
will we ever be againin the mornin light
put down the blinds
both hands in one glove
keep slippin around
slippin around
wasted and found
slippin around
can't capture time
slippin around
can't capture time
slippin around
can't capture time
