

Feel It (feat. Tunji Ige) [Branchez Remix]

GTA & What So Not

Ohhh...

Oh, I can feel it when you're near me

Oh, I can feel it...

Oh, I can feel it when you're near me

Oh, I can feel it...Oh-oh-oh-oh-oh, you could be better off

I got my heart to heal, oh-oh-oh-oh-oh

I can't forget aboutThe way you make me feel

Drop

The way you make me feel

I will bring you out to the function

Uh, and you could all get into lovin'

Uh, and you been sippin' on that somethin'

Uh, so you be all up in your feelin's

But I'm chillin', it's a given, seen ya do another boy

Or maybe I'm just trippin', just a little paranoid

Baby I been flippin', this is far from unemployed

I know I talk my shit and you a little bit annoyed

But I gotta keep you near me, you a gift from the LordBreak all the stars falling

It fills the skies up with

Dark but we're still shining

We're bright enough where we are

Where we are

Oh I can feel it when you're near me

(I can feel it when you're near me)The way you make me feel

Drop

The way you make me feel
