

# Blockbuster Boy

## Sister Sledge

I think I'm in love  
You got my soul on fire  
I can't get enough, no, no, no  
You got my soul on fire  
So let us get down, down  
You got my soul on fire  
Gonna have you around  
You're so bad (You're so bad, you're so bad)  
And that's good

Blockbuster boy  
You caused a love explosion  
Blockbuster boy  
You really blew my mind  
Blockbuster boy  
Baby, I got all my love feeling for you  
My blockbuster boy  
I feel so right

So let your love flow  
You got my soul on fire  
Come on you got to let it show  
You got my soul on fire  
Whatever you do  
You got my soul on fire  
No one does it like you  
You're so bad (you're so bad, you're so bad)  
And that's good

Blockbuster boy  
You caused a love explosion  
Blockbuster boy  
You really blew my mind  
Blockbuster boy  
Baby, I got all my love feeling for you  
My blockbuster boy

I feel so right
