

Come Up and See Me Sometime

Ethel Waters

Here am I, I'm laying all my cards upon the table
I'll be on the level just as far as I am able
Open up the goods and I will let you see the label
I'm strictly on the up and up

I've got a lot, a lot of what I've got
And what I've got's all mine
I could spare a little share of what I've got, for you
Come up and see me sometime

You'll get a break, a lot o' give and take
I've got a brand new line
Maybe you would like me to explain it all to you
Come up and see me sometime

Come up tonight
I think the papers say the moon will be bright
They should've had it in the columns and all
Letters, that's all
That you'll be falling for me

'Cause I am free and you appeal to me
How could it be a crime?
If you don't have my number
Well, my number's in the book
Come up and see me sometime

I've got a lot, a lot of what I've got
And what I've got's all mine
I could spare a little share of what I've got, for you
Come up and see me sometime

You'll get a break, a lot o' give and take
I've got a brand new line
Maybe you would like me to explain it all to you
Come up and see me sometime

Come up tonight
I think the papers say the moon will be bright
They should've had it in the columns and all

Letters, that's all
That you'll be falling for me

'Cause I am free and you appeal to me
How could it be a crime?
If you don't have my number
Well, my number's in the book
Come up and see me sometime

Come up and see me sometime
Anytime
