

Perfect 10 (feat. Heather Sommer)

Unknown Brain

What does perfect even mean?
Is there even such a thing?
Ooh oh oh Can we switch up all the... rules.
And imagine a utopia
Darling I am just so fed up with.
these expectations they keep weighing me down.
My heart is begging me to get the hell out.
of my head.
I am gonna live inside the upside down.
For a minute and pretend.
Honey I am a perfect 10...
Woahh, woahh!
Honey I am a perfect 10...
Woahh, woahh!
And if I say it enough
it gets engrained in my head
and I start to see...
Honey I'm a perfect 10.
Honey I am a perfect 10.
Woahh!
Honey I am a perfect 10.
Honey I am a...
yeah.
Woah!
Yeah I've discussed it with myself
and I'm disgusted with the way
we are told to have a certain face,
a certain weight, be flawless.
We aren't pixels on a screen.
no we're humans, we breathe.
Every single thing we see, curated.
It's overrated...
These expectations, they keep weighing me down.
My heart is begging me to get the hell out.
of my head.
I'm gonna live inside the upside.down.
For a minute and pretend.
Honey I'm a perfect 10.
Woahhh.
Honey I'm a perfect 10.
Woahhh.
And if I say it enough

it gets ingrained in my head.

And I start to think...

Honey I'm a perfect 10.

Honey I'm a perfect 10.

Woahhh!

Honey I'm a perfect 10.

Honey I'm a...

Yeah!

Woahhh!

Wah-ohh, Wah-ohh

Wah-ohh, Wah-ohh

Honey I'm a perfect 10.

Wah-ohh, Wah-ohh.
