Widespread Panic

watchin people roll by
wonderin where they're goin
hey, what's your job
what are you knowindrivin to the grocery store
pull my money out
passin by the liquor store
throw my money downain't life grand
ain't life grand
my wife's got the blues
now I've got them
gonna bring her a kiss
make those blues runain't life grand
ain't life grand
sun came out the other day
through those dusty clouds
and in my mind I was a child
and it felt good!ain't life grand (x4)
