

FIGHTER (feat. Kaina)

Saba

Me and E-God just fought 'cause his family wouldn't stop talkin'
We neighbours who argued often
I run out joggin', one tossed a jab and I caught him
He threw a left, ain't connect 'cause I ducked when I came back up
I seen his sister talkin' trash like
Touch my brother, I'm beatin' yo' ass
So I fucked her brother up to see what she about, yeah
Walked away and then we noticed that his teeth was out, yeah
She ain't do shit, she just mad we got to see him pout
So me and Cell, we just fought
I was walkin' and then he jumped me
I dropped to the floor while callin' for help
In front of my grandmother's house
The next thing he punched me my mouth
I can't believe I'm on the ground
'Cause I tried to hit him, I gambled
I'm ugly, cryin' in public
I'm like "When I get you back you gon' wish that you never touched me"
Somehow I could never touch him
Our brothers broke this shit up
And I walked the rest of the day with my head down
Funny how gettin' your ass beat'll spread 'round
But I don't wanna fight no more
'Cause I'm not a fighter, I war no more
But I don't wanna fight no more
'Cause I'm not a fighter, I war no more
So me and E-God, we scrap again
Jacob jumped in, I'm handicapped
Manny watched from across the street
Then he ran up and hopped on me
Three on one, they teaming up, but me, I never think to run
They circling around, got me surrounded like police or something
So it's bad enough they already jumping me
Then I see Cell coming
I'm prayin', Please don't fuck with me
(Please leave me the fuck alone)
It's not fair and I think he agrees
So instead of fighting with them
He came and teamed up with me
Me and Grandpa ain't talked since I stopped attendin' the college
He called me, said I'm a scholar,
I should be gettin' my doctorate
Or, shit, at least in the army, instead you chose to hip-hop

But I know how this is gon' end
'Cause I went through this with yo' father
Me and my girl just fought
'Cause I talked before she could talk
She was telling a story,
I cut her off with some shit not 'bout
The same topic, so she just stopped in the middle before the plot
Hit the rest of the car ride silent,
Like You always do this
Like You don't value my thoughts
Either that or you too damn stupid
To realize that if you don't hear me out then I'ma feel muted
You say that you care, well show it
I'm not asking a lot
I know you think you listenin' but you just waitin' to talk
My fault
But I don't wanna fight no more
'Cause I'm not a fighter, I war no more
But I don't wanna fight no more
'Cause I'm not a fighter, I war no more
It's harder to love myself when all these people
compliment me
Somehow it just remind me what I don't got
But these folks don't care to know
They think you rollin' in the dough
Not realizin' that your next meal is a 4 for \$4
Still feeling the guilt that Walt never thought to call
Fightin' myself to get out of bed
I'm fightin' myself to get out of bed
Fightin' myself I don't wanna fight no more
'Cause I'm not a fighter
Me and all my niggas dropped out
Then we drove to Texas, left at Walt's house
Kicked out of the hotel, we all broke
We don't got no mattress, sleep on yo' floor
Me and grandpa ain't spoke since I dropped out
Make sure on my first tour, stop at his house
I sleep on the hotel, not yo' floor
He tell me that he proud of his boy
I'm not jealous of the boy on the square
Saving for a round trip, LAX
I just learned the snow is no reward
I slept on the floor at Port Author'
Me and all my niggas dropped tears
I been on the floor for a whole year
We all broke, we all broke
